## Introduction

We are providing carpentry services with more than 40 years of experience

Focus on the blend of traditional and modern outlook with latest technology and manufacturing equipment contributing in the quality of wood products.

Well talented and skilled workers ensuring desired products of your choice with minimum cost and time.

## Company's Strategies

**Purpose** is to be a leader in the carpentry industry by providing enhanced services, relationship and profitability

**Vision** of our company is to provide quality services that exceeds the expectations of our esteemed customers.

**Our mission** is to build long term relationships with our customers and provide exceptional customer services by pursuing business through innovation and advanced technology.

### Core Values:

we believe in treating our customers with respect and faith  
we grow through creativity, invention and innovation  
we integrate honesty, integrity and business ethics into all aspects of our business functioning

### Goals

Regional expansion in the field of carpentry work and develop a strong base of key customers.  
increase the assets and investments of the company to support the development of services  
to build good reputation in the field of carpentry industry and to become a key player in the industry

### Our Services

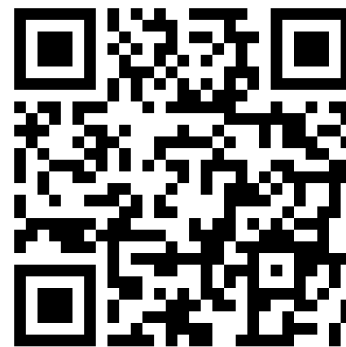

Making and installation of all type of wooden products  
with high quality and reliable materials  
some of them are following

- \* wooden doors
- \* Interior Solutions
- \* Wooden Pergolas
- \* Kitchen Cabinets
- \* Kiosks
- \* Reception Desks

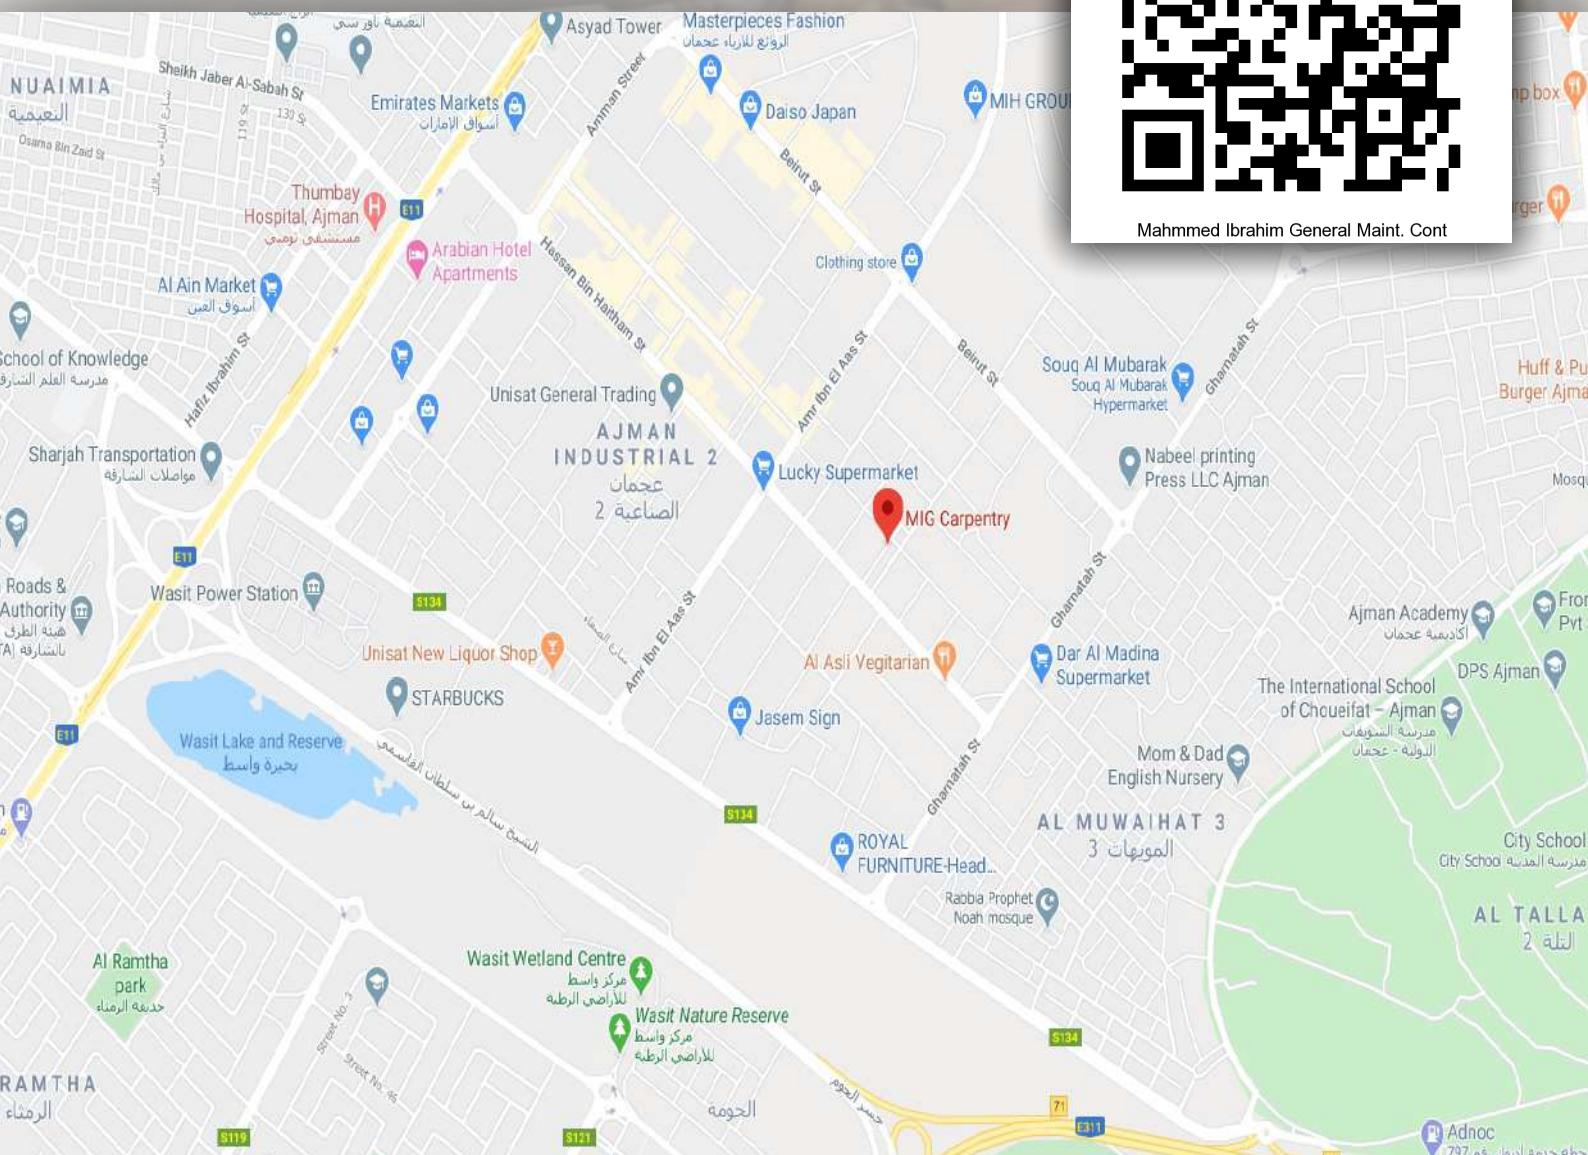

Moreover for site we having separate team for carpentry and paint touchup work of wooden products

## Location

It is located in industrial area2, near lucky roundabout, Ajman, U.A.E (P.O. Box: 15350)

Mahmmed Ibrahim General Maint. Cont

Office staff

General Manager

Accounts manager and Graphic Designer

Office Staff

## Team for installation and paint touchup

## Vehicles

We having 2 vehicles for loading  
and 2 vehicles for only transportation  
of workers at site

## Tools for site workers

Our every workers having their tool kit with all  
types of safety equipments to work safely and  
with proper tool and other machineries too like  
generator, air compressor, cutter, planer etc.

## Machineries

# Workshop Sections

## Carpentry Section

## Vineer Section

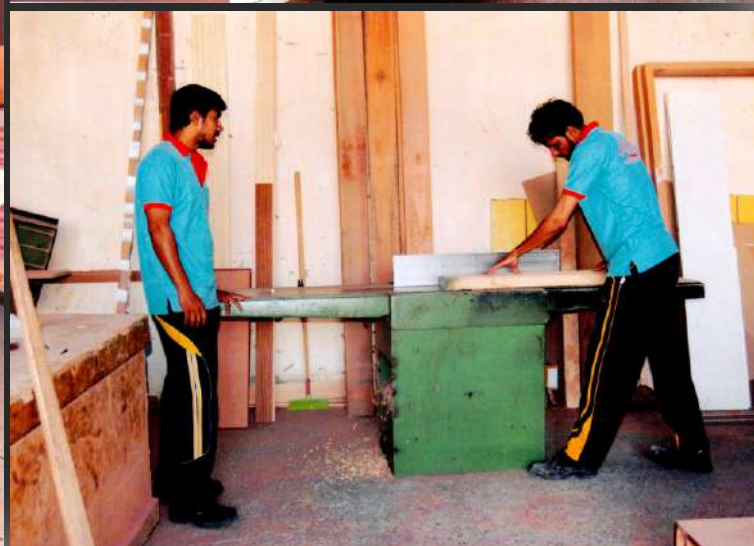

## Paint Section

## Carpentry Section

We have professional skilled workers and latest technology machineries to make carpentry work more efficiently in less time

Major machines in our Carpentry section are following

- Wooden Planer Machine
- Saw cutter Machine
- Wooden side cutter machine
- Wooden guage machine
- Wooden planer machine

## Paint Section

In paint section our professional workers use latest techniques to coat paint layer with PU finishing paint section we have two subsections

1. sanding
2. spray section

In sanding section we are using sanding papers by hand and vibrator sanding machines, rotary sanding machines for smoothing the surface

Different coats applied like sanding sealer, stains and with 4 to 5 times of sanding, before paint spray

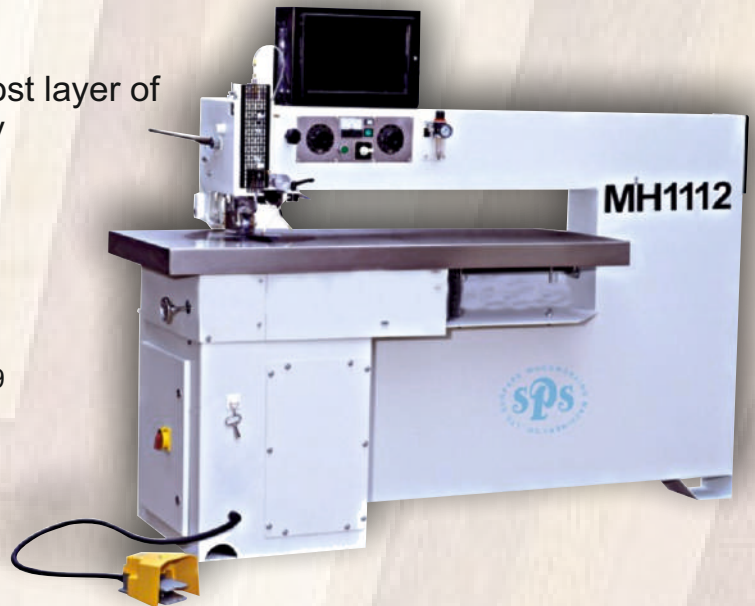

We have separate isolated paint room where they spray different types of sanding sealers, stains, and final PU coat,

## Vineer pressing Section

In this section we press vineer (outer most layer of natural wood) for best look and reliability

We having Stitching machine of Surpass Mh1109 to stitch strips of vineer

Vineer cutter machine of Nanxing MT310

Vineer pressing machine of Steton  
it can press two chipboards in a single time
